

BY ALPINION

Imaging & ultrasound

Premium ultrasound imaging across departments.

As an official ALPINION partner, we provide a complete range of ultrasound systems - from accessible entry-level devices to advanced high-end platforms. We do not simply sell equipment; our specialists assess your clinical needs, applications, workflow and budget, then help you choose the right system - across general and internal medicine, women's health, and cardiovascular diagnostics.

✓ Since 2013

✓ Led by doctors

✓ Hospitals and clinics
